For the Home – Circles of Care Safe Environment Program, Grade 12
Theme: Qualities of Relationships

April 18, 2019

Dear Parents,

The safety of your children is always uppermost in your mind. We have taken many additional steps in recent years to do our part in ensuring that your children will be in a safe place at Marian Central. All of our staff and volunteers have received the required background checks and training. We are implementing a program entitled “Circles of Care Safe Environment Program” to help your children recognize the steps they can take to keep themselves safe. Lesson plans have been prepared for different age groups among the students.

This year’s lesson is entitled “Qualities of Relationships.” During this lesson, your child will be learn how to recognize qualities of meaningful relationships, appreciate more deeply their friendships with others – adults, friends, and Jesus, and identify how they will incorporate into their personal relationships the Christian values and relationship skills discussed.

We are also enclosing information sheets for you that may help you with matters that can affect your own children: “Q and A” from the National Center for Missing and Exploited Children; Tips on Internet Use, Social Networking and Telephone Use, borrowed from the Diocese of Joliet; and resources from www.connectsafely.com: “Tips to Prevent Sexting.”

You are encouraged to spend some time reviewing the enclosed documents yourself, and then sitting down with your children. Each of the “rules” noted contains some application to common sense safety tips that you may share with your children. Other parts of the “rules” apply to some of the decisions that you make as parents for the safety of your children. A question and answer segment provides some suggestions on how you can best address these concerns with them. Naturally, household policies may change during the high school years to reflect a growing maturity and sense of responsibility on the part of your son or daughter. Our goal is to equip both you and your children with the knowledge that can help to keep them safe.

The basic point is that parents need to be involved with their children. The more you know about the daily events of your children’s lives, the better you are able to spot any danger signs that may surface. The more regular your communication with your children, the more free they are to come to you with their concerns.

May our Lord bless you and your family.

Sincerely yours in Christ,
Ms. Debra Novy, Principal
