How do I reach out to these individuals? Either by phone call or email to start the conversation. The staff member will respond as soon as possible.

What if I would like to meet in person? Please set up an appointment agreeable to all parties. On the day of the appointment, please check in with the School Office to obtain a Visitor's Pass both during and after school hours, prior to going to the person's office or classroom. The office staff will let them know that you have arrived. Many days after school our teachers and staff are attending pre-arranged meetings with students, staff or parents. Scheduling a meeting ensures that our staff member has the time set aside and is prepared to meet.
