Technology Support Information

What do I do if I have a problem with my computer at school?

See Mrs. Varga in the library who will investigate the issue and if necessary, forward to the Technology Coordinator for further troubleshooting or warranty repair.

What if my device requires warranty repair?

If a warranty repair is needed, a student must stop in the library to see Mrs. Varga and they will be given a loaner device to use until their laptop is repaired.

What if I have trouble with my device while at home?

Technology support is only available during school hours.

If Mrs. Varga is not available during school hours, email support@marian.com. When emailing support, you must provide a detailed description of the issue and the asset tag number at the bottom of the device.   The Technology Coordinator will get back to you as quickly as possible to help resolve your technology issue.
